- (iii) Create a brief PowerPoint to introduce your presentation. Find PowerPoint template in the link above
- (iv) Have your laptop ready with: your project and a presentation PowerPoint (access template in the link shared at the end of this document)
- (v) **Print and bind** your System documentation in hardcover, with the Title Page on the book cover (see image example the link above)
- On the day of the meeting:
 - (i) Dress formal
 - (ii) Carry your laptop with your working project, and presentation PowerPoint ready.
 - (iii) Carry your PHYSICAL printed and bound System Documentation.
 - (iv) Arrive at your respective panel room in time, hand in your System Documentation to the panel, sit and remain patient for your turn.
 - (v) When it's your turn, greet the audience, present the PowerPoint briefly, take the audience through your project. The panel is at liberty to interrupt, ask questions and clarifications needed. Also feel free to ask the panel questions and clarifications useful to your project.
 - (vi) Done presenting, sign the **physical attendance form** after which you are free to leave.
 - (vii) **Do not leave the class WhatsApp group** until it has been disbanded. Communication on project SPECIAL/SUPPLEMENTARIES will be done there in the coming semester after exam results have been released.

Part time Project Students, (evening/weekend class students) take note of the following:

- Prepare as follows:
 - (i) Confirm the **virtual** panel you'll meet in link shared at the end of this document.
 - (ii) Clear with Mr. Mutuku – your project lecturer and individual project supervisor, by ensuring you have been consistently meeting and approved for all the FOUR milestones.
 - (iii) Have your laptop ready by confirming and ensuring that it supports **audio, camera sharing and screen sharing**. You shall be required to use these utilities. You can test them by creating a Google Meet or Zoom call with your friend.
 - (iv) Prepare to have a stable internet connection, especially those in very remote geographical locations.
 - (vi) Have your project and presentation PowerPoint ready (see PowerPoint template in the link above).
 - (vii) **Print and bind** your System documentation in hardcover, with the Title Page on the book cover (see image example in link shared at the end of this document)

**ZETECH
UNIVERSITY**

- On the day of the meeting:

- (i) Join the respective virtual panel through the links shared on LMS and in your project class WhatsApp group
- (ii) When it's your turn to present, unmute, share your camera, share your screen, greet the audience, present the PowerPoint briefly, take the audience through your project. The panel is at liberty to interrupt, ask questions and clarifications needed. Also feel free to ask the panel questions and clarifications useful to your project.

*Your camera **must stay on** throughout the period of your presentation, for identification and evidence.*

- (iii) Feel free to leave the meeting after presenting.
- (iv) Get your physical hardcopy bound system documentation to Mr. Mutuku by **07-Aug**.
- (v) **Do not leave the class WhatsApp group** until it has been disbanded. Communication on project SUPPLEMENTARIES will be done there in the coming semester after exam results have been released, for those to whom that shall apply.

We are looking forward to a fruitful and productive exercise.

Let us all work in concert to make it happen.

Best wishes,

Mr. Mutuku Francis
